Bloomberg Trading Facility Limited	BMTF	6.8%	7.0%	NA	NA	7.0%

CARAX did carry out more than one order per working day in 2021 in this class of financial instruments.

(a) Relative importance given by the firm to the execution factors of price, costs, speed and likelihood of execution or any other consideration including qualitative factors when assessing the quality of execution

For the year 2021, CARAX has only traded directed client orders on debt securities following client's instructions.

(b) Description of close links, conflicts of interest or common shareholders with one or more execution venues used to carry out orders.

There is no specific close link, conflict of interest or common shareholder with any execution venue used to carry out orders.

(c) Description of any specific arrangement with one or more execution venues regarding payments made or received, discounts, rebates or non-monetary benefits received.

There is no specific arrangement with any execution venue regarding payments made or received, discounts, rebates or non-monetary benefits.

(d) Situation that led to a change in the list of execution venues established in accordance with our best execution policy, should such change have occurred

N/A

(e) How is the execution of orders differing according to the client classification, where the firm handles orders differently depending on the client classification and where it may affect the order execution mechanism?

CARAX is not concerned as it deals with professional clients only.

(f) Does CARAX uses other criteria other than immediate price and cost when executing retail client orders and were these other criteria instrumental in delivering the best possible result in terms of total consideration to the client?

CARAX is not concerned as it deals with professional clients only.

(g) Explanation of how the investment firm used any tool or data relating to the quality of execution, including any data published under the European Commission Delegated Regulation (EU)2017/575

N/A

(h) Where applicable, an explanation on how CARAX has used data aggregated under a consolidated tape provider under article 65 of Directive 2014/65.

For the year 2021, no data stemming from a consolidated tape provider under article 65 of Directive 2014/65 EU has been used.
